

ESRP Learning Program Webinar

Fine-scale movement of juvenile salmon to inform tidal fish passage restoration in Puget Sound

Presented by
Padraic Smith, PE & Doris Small (retired) of the Washington Department
of Fish and Wildlife

2–3 PM on Wednesday, December 11th

[REGISTER HERE](#)

A recording of the webinar & the associated report will be made available on the [Salish Sea Restoration Platform](#)

These webinars are a final product of projects supported in part by the Washington Department of Fish and Wildlife's Estuary and Salmon Restoration Program (ESRP). ESRP includes a Learning Program, which funds science projects of regional importance to advance learning about ecosystem and habitat restoration strategies for the purpose of increasing the efficiency and effectiveness of future capital restoration projects.
